OVERVIEW

About Green Gold Group

Green Gold Group (Pty) Ltd is a South African environmental, health and safety consulting company headquartered in Pretoria. We offer timely consulting services that are efficient and cost-effective. Our internal processes follow strict Quality Management Guidelines to keep clients updated thus giving them peace of mind.

We take pride in our value-added services as we take on advisory roles throughout different phases of our clients' projects. We offer services that will take your company beyond compliance by bringing voluntary international standards embedded in the three pillars of sustainability (People, Planet and Profit) into your company culture.

Mission and Vision

Our mission is to provide expert advice on sustainable development management activities, while maintaining high ethical standards.

We aim to be a recognised company, focusing on building a greener economy through innovative and environmental and corporate governance solutions while ensuring the safety of workers.

Ownership

Green Gold Group is a Level 1 B-BBEE company that is 100% owned by Black female South Africans. The company is in the process of opening shareholding options to its employees for a defined minimum period.

Maximum shareholding levels will be set for each staff category to ensure that ownership is broadly based and not dominated by a small number of individuals.

Founder and CEO

Lebohang Moiloa

Meet Lebohang Moiloa, the visionary Managing Director of Green Gold Group, bringing more than 20 years of expertise as a registered Professional Natural Scientist. With a background that includes pivotal roles at DBSA and NECSA, Lebohang is the driving force behind a decade of sustainable growth, shaping a future where environmental, health, and safety consulting thrives.

DELIVERY PROMISE

We are committed to meeting the needs of our customers, staff and stakeholders

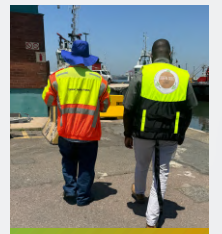

We do so by providing a high-quality service in the safest manner possible and with the least possible negative impact on the physical and social environments we work in, while enhancing the positive impacts. We achieve this through understanding the markets and environments in which we operate, as well as our clients' and employees' needs and expectations. We comply with the requirements of the ISO Quality, ISO Health and Safety, ISO Environmental Management Systems and continually strive to improve their effectiveness within our organisation.

Our quality, responsibility policies, principles and objectives are continually communicated and made available to all employees. We ensure that all our employees understand and fully implement our policies and objectives, thereby enabling them to perform their duties effectively.

Green Gold Group is committed to being a responsible company that is considered to be a service provider of choice in the markets in which it operates.

Commitment to Excellence
